

Rules for discussion

1. If neutral territory and units go to Team "B" if attacked by "A", does "B" replace the units with his own and conducts the battle?
2. If Germany hits on both dice – does it get 2 moves? I don't think it should as this could move neutrals to one side very quickly
3. Several posts re: can player with 2 rolls target 2 different neutrals. What is final answer?
